

Scientific Program

**THE EUROPEAN SOCIETY
FOR PHOTODYNAMIC THERAPY
2005 ANNUAL CONGRESS**

**Congress Center
Sirmione (Brescia), Italy**

March 4-5, 2005

SCIENTIFIC PROGRAM

Friday, March 4

- 09.00-09.50 Registration and coffee
09.50-10.00 Opening Remarks (L.R. Braathen and PG Calzavara)

LECTURES

- | | | |
|-------------|---|-------------|
| 10.00-10.30 | Photochemistry of ALA-PDT | R. Pottier |
| 10.30-11.00 | Chemical and biological activities of ALA and MAL/ PDT | F. Hevert |
| 11.00-11.30 | Cellular effects of ALA- PDT | B. Krammer |
| 11.30-12.00 | Drug delivery strategies for topical photodynamic therapy | R. Donnelly |
| 12.00-12.30 | Chemical and biological properties of other photosensitizers | G. Jori |
| 12.30-13.00 | Light sources for PDT and fluorescence diagnosis in Dermatology | W. Bäumlner |
| 13.00-13.15 | Discussion | |

- 13.15-14.30 Lunch

CLINICAL INDICATIONS OF MAL/ALA PDT – 1ST PART

- | | | |
|-------------|--|----------------------------|
| 14.30-14.45 | Photodynamic therapy using Metvix in actinic keratosis | A. Sidoroff |
| 14.45-15.00 | Photodynamic therapy using Metvix in BCC | N. Basset-Seguin |
| 15.00-15.15 | Photodynamic therapy in the treatment of Bowen's disease and squamous cell carcinoma | L. Rhodes,
G. Evangelou |
| 15.15-15.30 | Future applications of photodynamic therapy in dermatology | C. Morton |
| 15.30-15.45 | MAL-PDT of non-melanoma skin cancer: the portuguese experience | C. Brito |
| 15.45-16.00 | MAL-PDT in difficult to treat basal cell carcinoma: long-term outcome | P. Wolf |
| 16.00-16.15 | PDT in private practice | J. Funk |
| 16.15-16.30 | Discussion | |

- 16.30-16.45 Tea/Coffee break

CLINICAL INDICATIONS OF MAL/ALA PDT – 2ND PART

- | | | |
|-------------|---|---------------------------------|
| 16.45-16.55 | ALA-PDT of HPV- induced skin lesions | E. Procaccini |
| 16.55-17.05 | ALA/MAL PDT of skin cancers of immunosuppressed patients | A. Piaserico |
| 17.05-17.15 | MAL in organ transplant patients | A.-M. Wennberg
E. Stockfleth |
| 17.15-17.25 | Treatment of warts in renal transplant patients by photodynamic therapy: prospective multicenter study | C. Bedane |
| 17.25-17.35 | PDT for inflammatory skin diseases: sarcoidosis, granuloma annulare, lichen planus and Darier's disease | R.-M. Szeimies |
| 17.35-17.45 | PDT for inflammatory skin diseases: scleroderma, lichen sclerosus and keloids | S. Karrer |
| 17.45-18.00 | Photodynamic therapy of cutaneous lymphoma | M. Silva |
| 18.00-18.15 | Prevention of UV induced skin cancer with ALA derivatives | J. Moan |
| 18.15-18.30 | Discussion | |

Saturday, March 5

PDT SIDE-EFFECTS AND SAFETY

09.00-09.15	Skin rejuvenation with 5% ALA	S. Motta
09.15-09.30	Photodynamic Photorejuvenation	R. Ruiz-Rodriguez
09.30-09.45	Photodynamic therapy of acne	A.-M. Wennberg
09.45-10.00	Photodynamic therapy of acne rosacea	G. Jemec
10.00-10.15	ALA-PDT in the United States: sebaceous gland disorders	M. Gold
10.15-10.30	Pre-, during- and post- PDT care and pain management	O. Larkö
10.30-10.45	MAL in psoriasis	Volksmann
10.45-11.00	Controversy in PDT: Does ALA/ MAL-PDT work in Psoriasis?	A. Tanew
11.00-11.15	Discussion	

11.15-11.30 Tea/Coffee break

BREAKING NEWS IN PDT

11.30-11.40	Phase IV studies with Metvix in Europe	P. Soto
11.40-11.50	Ongoing formal clinical trials with Metvix	H. Morris
11.50-12.20	Synthesis and development of new phthalocyanine derivatives for antibacterial Photodynamic Therapy	G. Roncucci
12.20-12.50	Photothermal Therapy: a new approach to the treatment of skin tumours	G. Jori
12.50-13.10	The place of PDT in clinical Dermatology	L.R. Braathen
13.10-13.30	Presentation of Best Poster and Oral presentation award and closing comments	P. Calzavara L.R. Braathen

13.30-13.45 Discussion
